Summary

Multidisciplinary brand designer and creative lead with 13 years of experience across aviation, energy, and technology, delivering integrated branding, marketing communications, digital content, presentations, motion graphics, and AI-powered creative solutions.

Led creative teams of 4 to 11 specialists, reduced dependency on external agencies by 80% by building in-house design and production capability, and delivered around 9 major integrated campaigns each year alongside full creative coverage of internal and international events.

Work Experience

Creative Lead

G42 Group - AIQ (ADNOC & G42 Joint Venture)

Abu Dhabi, UAE | Oct 2023 – Jun 2026

- Reduced dependency on external agencies by 80% by building in-house design, multimedia production, and AI-powered creative workflows.
- Led 9 major integrated campaigns per year supporting AIQ's market positioning.
- Managed a 4-person multidisciplinary creative team delivering digital, print, video, social, and corporate assets.
- Delivered creative coverage for all internal and international events, partnering with executive stakeholders.
- Ensured brand consistency across all customer and corporate touchpoints.

Digital and Multimedia Creative Designer

Etihad Airways

Abu Dhabi, UAE | Aug 2013 – May 2023

- Managed a 7-person team delivering integrated campaigns across digital, social, print, and experiential channels.
- Produced multimedia content supporting marketing campaigns across 80+ destinations worldwide.
- Supported digital transformation initiatives including intranet redesign and mobile application UI projects.
- Collaborated with international marketing teams and covered all internal and global events.
